Café international

**Panta Rhei(n) – everything flows
– a special ferry tour**

Date: Thursday, 17 November 2022

Time: 17:00 – 19:30

The National & International Cooperation unit, together with the Language Center of the University of Basel, invites you to the next Café international. We are offering a special ferry tour in English:

Panta Rhei(n) – everything flows

with Maria Wedekind, intercultural trainer (www.kultur-verstehen.de) and University of Basel PhD candidate.

TOUR

According to the motto „Panta rhei[n] - everything flows“ the focus of this Café international is on keep moving. After a short walk from the meeting point, we will shuttle between the two shores of the Rhine on two traditional ferries, exclusively booked for the event. We will literally experience Basel from another perspective, enjoying nice views and more. Step onboard and get surprised!

APÉRO

We will finish this Café international with some conversations, food and drink. Don't miss our Italian apéro with (vegetarian) Pinsal! For those keen into staying: The [Walther Bistrobar](#) offers a free DJ Music-program afterwards.

MEETING POINT

17:00 at Alte Universität / Old University (terrace at Rheinsprung 9).

It is not recommended to bring along your bike; however you can park it at the meeting point, at the end point (Walther Bistrobar), or nearby the Mittlere Brücke.

REGISTER by Sunday 13 November (deadline):

<https://k11331.evasys.de/evasys/online.php?p=QXPP8>

The number of participants is limited (14 per ferry ride), and spots will be allocated on a first-come, first-serves basis. Due to the limited spots and to be fair to all interested participants, we request that you view your registration as a commitment to participate. The ferry ride takes place **in all weather conditions**.

ADDITIONAL INFORMATION AND CONTACT

Apart from short walking tours we will be in covered outdoor-areas. The tour ends at the Walther Bistrobar in the kHaus (at Kasernenstrasse 8 or riverside). As the apéro will be provided inside, wearing a mask might be recommended.
