 202308-118760

### Die Position

As an Intern in **Strategy and Business Operations** at Roche Pharma Switzerland, you will be involved in supporting the strategic initiatives and day-to-day operations of the organization.

You will work closely with the operations team to *assist in analyzing business performance, identifying growth opportunities, and optimizing operational processes.*

*Please note that the internship's duration is 6 months long.*

### Responsibilities:

- **Research and Analysis:** Conduct research and gather data on market trends, competitors, and industry best practices. Analyze data and provide insights to support strategic decision-making.

- **Strategy Development:** Assist in the development of business strategies and initiatives. Collaborate with cross-functional teams to gather input and help formulate strategic plans.
- **Operational Efficiency:** Identify areas for operational improvement and efficiency. Work with the operations team to streamline processes, implement solutions, and drive operational excellence.
- **Performance Measurement:** Track key performance indicators (KPIs) and metrics to evaluate the effectiveness of business operations. Prepare reports and presentations to communicate findings and recommendations.
- **Project Support:** Assist in project management activities, including project planning, coordination, and documentation. Support project teams in executing tasks and deliverables within defined timelines.
- **Stakeholder Engagement:** Collaborate with internal stakeholders to gather requirements, address concerns, and provide support. Build relationships and maintain effective communication channels with various teams across the organization.

#### Qualifications:

- **Education:** Master's degree in business administration, management, economics, or a related field.
- **Analytical Skills:** Strong analytical and problem-solving abilities. Proficiency in conducting research, analyzing data, and deriving meaningful insights.
- **Strategic Thinking:** Ability to think strategically and contribute to the development of business strategies. Understand the organization's goals and align operational activities accordingly.
- **Communication Skills:** Excellent written and verbal communication skills. Ability to present complex information in a clear and concise manner.
- **Collaboration:** Strong teamwork and interpersonal skills. Comfortable working in a cross-functional environment and collaborating with diverse teams.
- **Initiative and Adaptability:** Self-motivated and proactive in taking on responsibilities. Willingness to learn, adapt to new challenges, and work in a dynamic business environment.
- **Proficiency in Technology:** Familiarity with business software applications, such as Microsoft Office (Word, Excel, PowerPoint), project management tools, and data analysis tools.

Note: The above job description is a general overview of typical responsibilities and qualifications for an Intern in Strategy and Business Operations. Actual job requirements may vary depending on the organization and specific internship program.
