The University Day Care Center

The University of Basel Day Care Center is open to students and employees at the University of Basel and is located on Herbergsgasse, close to the Kollegienhaus. The Day Care Center has 32 places for around 50 children in full-time or part-time care.

Organization

The Day Care Center is run by familea, which is responsible for all personnel, organizational and professional matters. The children are looked after by trained staff (childcare specialists and trainees). Children will be accepted from ages 3 months to school-starting age. Children must spend at least 2 days per week at the Day Care Center. Available places are assigned in order of registration.

Premises

The children are looked after in three mixed-age groups. Each group has two rooms, enabling the whole group to participate in activities together while also allowing the children to spend time alone if they wish. The Day Care Center has a large communal space for games and movement, and there is an attractive play area on the roof terrace.

Parent fees

Fees are tiered according to parents' income.

Donations

Donations are always welcome and will be used to buy equipment for the Day Care Center:
