1st Annual SPINE Doctoral Student Research Day

Building Bridges in Nursing Science
exchanging research - enhancing knowledge

November 19th 2015
University of Basel
Kollegienhaus, Petersplatz 1
Regenzzimmer 111, 1st floor
AGENDA – Podium Presentations

9:00   Welcome (Maria Katapodi and Anne-Sylvie Ramelet)  
      Introduction of External Mentors and the  
      Poster Award Selection Committee (PASC) (Maria Katapodi)

9:20   Oral Presentations  
      Moderator: Anne Sylvie Ramelet

1. Beckmann Sonja, UNIBAS  
   Pre-transplant risk factors for obesity one year after organ transplantation:  
   a secondary data analysis of the Swiss Transplant Cohort Study  
   supervisor: Sabina De Geest | external mentor: Dorien Zelle

2. Da Rocha Rodrigues Maria Goreti (Gora), UNIL  
   The influence of a life review intervention with a positive, patient-centered  
   approach on adult advanced cancer patients’ dignity: a feasibility study  
   supervisor: Maya Shaha | external mentor: Sonia Duffy

3. De Goumoëns Gomes dos Santos Véronique, UNIL  
   Development of a complex nursing intervention for supporting brain  
   injured patients and families  
   supervisor: Anne-Sylvie Ramelet | external mentor: Yoshimi Fukuoka

4. Dhaini Suzanne, UNIBAS  
   Care workers health in Swiss nursing homes and its association with  
   psychosocial work environment: A cross-sectional study  
   supervisor: René Schwendimann | external mentor: Nancy Hanrahan

5. Serena Andrea, UNIL  
   Is the advanced practice lung cancer nurse accepted by healthcare  
   professionals and patients? A qualitative exploration  
   supervisor: Manuela Eicher | external mentor: Sonia Duffy

6. Zimmermann Karin, UNIBAS  
   Development and validation of the Parental PELICAN Questionnaire – an  
   instrument to assess parental perspectives of their child’s end-of-life care  
   supervisor: Eva Cignacco | external mentor: Caroline Benjamin

10:50  Coffee break
AGENDA – Poster Presentations

11:10

1. Abt Maryline, UNIL
   Perspectives of patients toward coercion during hospitalization in psychiatry: a grounded theory study | supervisor: Ian Needham | PASC: Hedi Hofmann Chechini, Yoshimi Fukuoka

2. Bachnick Stefanie, UNIBAS
   Measuring efficiency of nursing services in acute hospital care - Development of an instrument | supervisor: Michael Simon | PASC: Hedi Hofmann Chechini, Sonia Duffy

3. Claes Veerle, UNIBAS
   Ageing in kidney transplantation: understanding older patients’ disease trajectory and outcomes from a frailty and bio-psychosocial perspective | supervisor: Sabina De Geest | PASC: Roger Hilfiker, Dorien Zelle

4. Claes Veerle, UNIBAS
   Physical activity and sedentary behavior in relationship to frailty in adult kidney transplantation candidates: a mixed methods study | supervisor: Sabina De Geest | PASC: Clara James, Dorien Zelle

5. Dhaini Suzanne, UNIBAS
   Absenteeism and presenteeism among care workers in Swiss nursing homes and their association with psychosocial work environment: a Multi-site cross-sectional study | supervisor: René Schwendimann | PASC: Jacqueline Martin, Nancy Hanrahan

6. Didier Amélia, UNIL
   Fostering patient-centered inter-professional collaboration between nurses and physicians during hospital stay | supervisor: Maya Shaha | PASC: Jacqueline Martin, Caroline Benjamin

7. Forestier Aline, UNIL
   Assessment of mental suffering in male adolescents in emergency: a nursing feasibility study | supervisor: Anne-Sylvie Ramelet | PASC: Roger Hilfiker, Nancy Hanrahan

8. Musy Sarah, UNIBAS
   Developing a predictive model for shift-level nurse staffing using routine data – WER@INSEL (Workforce Effectiveness Research at the Inselspital) | supervisor: Michael Simon | PASC: Jacqueline Martin, Nancy Hanrahan

9. Musy Sarah, UNIBAS
   GTT review - A systematic review on diagnostic accuracy, inter-rater reliability and the implementation of Global Trigger Tools | supervisor: Michael Simon | PASC: Christine Pirinoli, Nancy Hanrahan

10. Ortoleva Bucher Claudia, UNIL
    Development and validation of a clinical profile classification for patients hospitalized due to behavioral and psychological symptoms of dementia | supervisor: Diane Morin | PASC: Christine Pirinoli, Caroline Benjamin

11. Rexhaj Shyhrete, UNIL
    A brief early intervention for caregivers of people with severe psychiatric disorders: ENSEMBLE (Together) | supervisor: Claude Leclerc | PASC: Clara James, Nancy Hanrahan

12:00 - 13:15 Lunch

13:15 - 13:30 Presentation of the 3 Winners of Best Student Poster Awards
   Moderator: Maria Katapodi
AGENDA – Mentoring Sessions

13:30 – 16:30  (incl. coffee break)

Session 1 | Lead by Caroline Benjamin
room EG007 at Bernoullistrasse 28
- Didier Amélia, UNIL: Patient centered inter-professional collaboration
- Nikolaidis Christos (post-doc), UNIBAS: Cascade screening in HNPCC/Lynch Syndrome, genetic testing records
- Ortoleva Bucher Claudia, UNIL: Cognitive impairment, psychogeriatric, interventions
- Zimmermann Karin, UNIBAS: Pediatric end of life care needs in Switzerland

Session 2 | Lead by Sonja Duffy
room EG001 at Bernoullistrasse 28
- Bachnick Stefanie, UNIBAS: Efficiency of nursing services
- Da Rocha Rodrigues Maria Goreti (Gora), UNIL: Advanced cancer patients, Review
- Serena Andrea; UNIL: Advanced lung cancer – Nursing role
- Valenta Sabine, UNIBAS: German Pro-Self Plus program, cancer patients and caregivers

Session 3 | Lead by Yoshimi Fukuoka
room 219 at Bernoullistrasse 28 / 2nd floor
- Abt Maryline, UNIL: Perspectives of patients towards the restraints during hospitalization in psychiatry
- Brunkert Thekla, UNIBAS
- De Goumoëns Gomes dos Santos Véronique, UNIL: Brain injury, family, intervention
- Iversen Mette, UNIBAS
- Kocher Agnes, UNIBAS: self-management patients with systemic sclerosis: development and testing of an interventional program (MANOSS project)

Session 4 | Lead by Nancy Hanrahan
room Regenzzimmer 111 Kollegienhaus
- Dhaini Suzanne, UNIBAS: Care workers, physical and mental health, nursing homes
- Forestier Aline, UNIL: Mental suffering, males, emergency services
- Musy Sarah, UNIBAS: Predictive model for shift-level nurse staffing using routine data
- Rexhaj Shyhrete, UNIL: ENSEMBLE: intervention, caregivers, mental disease

Session 5 | Lead by Dorien Zelle
room 234 at Bernoullianum
- Beckmann Sonja, UNIBAS: Energy balance behavior after transplantation
- Claes Veerle, UNIBAS: Aging, kidney transplantation, older adults
- Helmy Remon, UNIBAS
- Mauthner Oliver (post-doc), UNIBAS: frailty, mild cognitive impairment, adult kidney transplant recipients (GERAS)
Members of the Poster Award Selection Committee (PASC):
Roger Hilfiker, Msc Physiotherapy
Director of Health Research, HES-SO Haute Ecole de Santé Valais, Sion, Switzerland

Dr. Hedi Hofmann Checchini, MNS
Professor HES and Director of the Study Programm Master’s degree in Nursing, University of Applied Sciences, FHS St. Gallen

Dr. Clara James, PhD Neuroscience
Professor HES and Director of the research institute (IR-HEDs), HES-SO Haute Ecole de Santé de Genève, Switzerland

Dr. Jacqueline S. Martin, PhD, RN
Executive Director Nursing and Allied Health Care Professions, Universityhospital Basel

Dr. Christine Pirinoli
Professor HES and Director of Research and International relations HESAV Haute Ecole de Santé Vaud, Lausanne, Switzerland

External Mentors:
Dr. Caroline Benjamin, PhD, RN
Guild Senior Research Fellow, University of Central Lancashire, UK

Dr. Sonia Duffy, PhD, RN, FAAN
Professor, Mildred E. Newton Endowed Chair, Ohio State University, USA

Dr. Yoshimi Fukuoka, PhD, RN
Associate Professor, University of California San Francisco (USCF), USA

Dr. Nancy P. Hanrahan, PhD, RN, FAAN
Dean and Professor, Northeastern University, Bouvé College of Health Sciences, Boston, USA

Dr. Dorien Zelle, PhD, Medical Science
Senior Researcher, University Medical Center, Groningen, NL
