BCG Zurich office & Kweer Café & Bar

BCG OUT

April 6th , from 16.00 - 19.30 hrs.

At BCG, we believe that diversity is an essential component of a thriving and successful workplace. We recognize that our differences in thought, background, gender, sexual orientation, and experiences bring unique strengths to the work we do, and create a more dynamic team environment.

Get to know our BCGers and hear about what diversity, equity, and inclusion means to us, and how we put that into practice in our daily work as well as in our different affinity networks such as Pride@BCG.

At this BCG OUT event, you will get the opportunity to work through a unique real-life case study for an organization close to our heart: Pink Cross Switzerland.

Our dedicated BCG coaches will guide you through the casework at our BCG office in Zurich to get hands-on experience of what it is like to work on a case.

Afterwards, we will make our way over to Kweer Café & Bar for apéro, where you will get the chance to pitch your approach, get real-life insights, and get answers to all your questions. We'll also have time for some personal Q&A and networking, so you can connect with BCGers, and learn more about our culture and values.

We invite all Swiss university students in their third semester & upwards in all levels Bachelor, Master, and PhD from all study backgrounds, who identify as LGBTQ+ and allies to join our BCG OUT event on April 6th in Zurich.

Please apply with your CV and transcripts no later than March 30th. Scan the QR code or click on the Apply Here button.

Are you in? We can't wait to hear from you! Any questions?
