

Career Camp

Appointment Procedures in Medicine

Description	<p>The Career Camp consists of a two-day group workshop and an individual follow-up. On the first day you will go through a presentation training in which you can test and improve your presentation technique. The second day is conducted by Prof. Dr. med. Daniela Finke. There you will learn more about dos and don'ts in appointment procedures, especially in the application, rehearsal presentation and the following interview. In addition, an interview by a selection committee will be simulated in which you can practice what you have learned.</p> <p>In the individual follow-up, you have the opportunity to clarify open questions and topics on appointment procedures, including the possibility for a CV check.</p>
