# Step by step - Preliminary information for International PhD candidates at the University of Basel

(with no claim to completeness)

## 1 Finding a Supervisor at the University of Basel

Check before contacting

(i) Do you possess a Master's degree (or equivalent)?
(ii) Do you have excellent skills required for the research cooperation you plan?
(iii) Does the professor who will supervise you work in your field?
(iv) Do you have the necessary language skills required for the research?

## 2 General Requirements for Doctoral Studies at the University of Basel

Admission as a doctoral candidate requires in general a master's degree from a higher education institution recognized by the University of Basel. The doctoral degree regulations of the individual faculties (see doctoral disciplines) include additional provisions for the admission and subject-related requirements concerning equivalence and supervision.

## 3 Supervision and Financial Support

(i) Each PhD-candidate must find an academic supervisor for their research project.
(ii) The professor must agree to supervise and support the candidate during the whole research stay.
(iii) The financing of your doctorate must be clarified with your supervisor in advance.
